Award Selection Process Criteria and Nomination Submittal Details

For project nominations, include detailed information on the project results, any unique aspects of the project, budget information and any funding sources, grants, partnerships, schedule data, and high resolution photos. Attachments such as photos, charts, graphics, are strongly encouraged.

The awards are divided in to categories in line with the equivalent of the National and costs ranges to accommodate the makeup of the State of Nebraska. These awards are intended to recognize the managing agency, the consultant/ architect/ engineer, and the contractor who, working together, completed the nominated public works projects.

The Project of the Year Award categories (have equivalent National Award) include:

Structures: To include public structure preservation/ rehabilitation, municipal buildings, bridges, facilities, parks, etc.

Transportation: To include roads, bridges, mass transits, etc.

Environmental: To include treatment and recycling facilities, landfills reclamation projects, water, sanitary and storm sewer, etc.

Project of the Year Awards are further subdivided into these costs categories:

- Under \$2,500,000
- Over \$2,500,000

To be eligible for nomination:A project must have been "substantially completed" and available for public and/ or agency use within two calendar years prior to nomination. If a project has multiple phases or segment, then "substantially completed" will be construed as that point when the final phase or segment is 90% completed and available for public and/ or agency use.

Criteria to be used in the selection process include:

- 1) Use of good construction management techniques and completion of the project on schedule;
- 2) Safety performance and demonstrated awareness of the need for a good overall safety program during construction;
- 3) Community relations as evidence by efforts to minimize public inconvenience due to construction, safety precautions to protect public lives and property, provision of observation areas, guided tours, or other means of improving relations between the agency and the public;
- 4) Demonstrated awareness for the need to protect the environment during the project this includes any special considerations given to particular environmental concerns raised during the course of the project;

Nominated by:

5) Unusual accomplishments under adverse conditions including, but not limited to age or condition of the facility, adverse weather, soil or other site conditions over which there in no control;

6) Additional conditions deemed of importance to the public works agency such as exceptional efforts to maintain quality control and, if value engineering is used, construction innovations as evidenced by time and/ or money-saving techniques developed and/. Or successfully utilities.

7) Use of sustainable infrastructure rating system or the equivalent such as the Envision rating system to ensure the project is sustainable.

Award winners will be forwarded onto National for National Award consideration. Only one award will be transmitted on behalf of the State Chapter, should more than one submittal be submitted for each of these categories.

For submittal: One is to follow the APWA National Categories, Divisions and Award Guidelines. See APWA www.apwa.net Awards Criteria and Forms for additional information.
